Thermal articles are very popular. They offer the convenience of not having to drink your coffee or tea at home, but taking your drink with you on the road! The Valhalla 500 ml copper vacuum insulated tumbler is perfect for printing your logo and message. It promotes your brand inside and outside the home. Take advantage of the printing possibilities to increase your brand awareness. This thermal mug has a non-slip cork design bottom. A special construction prevents the formation of condensation on the outside. The delivery takes place in a gift box. Looking for a sturdy thermos mug or flask with an exclusive look and feel? products as the Valhalla 500 ml copper vacuum insulated tumbler made of stainless steel are the perfect choice. In addition, the product weighs 292 grams. Perfect for a good grip. Most thermos flasks and mugs aren't dishwasher safe. This is due to their construction and insulation. But the lid can often go in the dishwasher. You can check this in the instructions. Once you have experienced how easy a thermos is, you'll never want anything else. Your customers will experience the same with a printed thermos.
