

Whether you're on your way to work or on a day trip, a mug or bottle is always useful. An excellent time to reinforce your brand exposure with a printed thermal article. Have the Thor 650 ml copper vacuum insulated sport bottle printed or engraved with your company name and logo. The advantage is that your logo is seen everywhere and by many people when the thermos product is used. This insulated mug features a durable powder coating finish. The thermal mug is closed with a leak-proof screw cap made of stainless steel. A special construction prevents the formation of condensation on the outside. The delivery takes place in a gift box. This product is made of stainless steel, so you don't have to worry about the strength of the product. It won't break easily. On top of that, the product has a weight of 380 grams. So you know you have a quality article in your hands with good insulation properties. Most thermos flasks and mugs aren't dishwasher safe. This is due to their construction and insulation. But the lid can often go in the dishwasher. You can check this in the instructions. Thanks to this thermos , your logo and message will remain visible to the recipients for a long time.
