Whether you're going to work or out for the day, you always have your keys with you. A key ring with your logo will therefore travel wherever you go. At IGO we can print the Astro LED keychain light with your logo or other imprint. This keychain acts as a key light and has three white LEDs. The batteries are included with this product. For a particularly luxurious look, you can have the ordered key rings engraved. After you have sent us your logo for the key ring, we'll send you a free digital proof. Is this approved? Then we will immediately start the production.
