A quality drinking bottle isn't just something you take to the gym or the football field. We see them more and more in offices, cars or at school. That's why printed drinking bottles are the perfect business gift. Print the handy Trixie 750 ml stainless steel sport bottle with your logo or message and let your clients, customers and acquaintances contribute to your company's brand recognition. The bottle has a leak protection with a pull-up drinking opening. Need a non-spill bottle? Then this is exactly the right one. This bottle is made of stainless steel. Because this drinking bottle is made of very strong stainless steel, it can take a battering and you won't have to worry about it leaking or cracking. Laser engraving is possible with this water bottle. This not only shows your logo precisely, but is also scratch-resistant. What's more, the 750 ml volume gives you a nice big bottle that isn't empty after a few big sips. Aren't convinced of the bottles quality yet? Request a sample and see for yourself whether it is what you're looking for.
