Next to your busy social life and full-time job, it's essential to take time for yourself. Exercising is the ideal time-out for many people and a printed drinking bottle is therefore a very popular business gift. With a Spirit 500 ml glass liner tritan™ sport bottle you can be sure that your message or your company's logo will travel with every recipient and therefore boost the visibility of your brand. This glass liner sports bottle is stain and odor resistant. The durable inner silicone seal helps secure the bottle for everyday use. Delivered in an Avenue gift box. This bottle is made of eastman tritan™, corosilicate glass. More and more people are deciding against plastics and other materials because they can affect drinking water. With this glass bottle, you don't have to worry about those microparticles. Don't fancy getting up all the time to refill your bottle? Then opt for the larger 500 ml capacity that this bottle offers. You can request a sample model online. That way you can be 100% sure that you have made the right choice.
