A good workout, staying in shape and breaking away from the daily grind. These are excellent opportunities to draw attention to your brand with a printed drinking bottle. For example, choose the Ace 500 ml sports bottle with Bluetooth® speaker to shine light on your customers or employees. Drinking bottles are ideal for frequent use. This bottle has a screw-on lid and a detachable Bluetooth® loudspeaker with a range of approx. 10 m. The delivery includes a micro-USB charging cable and is packed in a gift box. This bottle is made of eastman tritan™. Don't fancy getting up all the time to refill your bottle? Then opt for the larger 500 ml capacity that this bottle offers. You can request a sample model online. That way you can be 100% sure that you have made the right choice.
