Features

Brand: rOtring  
Minimum quantity: 25 Unit(s)  
Material: metal  
Length: 13.80 cm.  
Diameter: 0.85  
Weight: 12.00 g.

Dishwasher proof No

Pencils have clear advantages over other writing implements: They write in any position - even upside down- at any temperature and you can literally erase mistakes. All this applies to both mechanical and conventional pencils. If you give the rOtring Tikky mechanical pencil with your logo, your company will have optimal attention every day. This is a mechanical pencil, which means that the lead is moved out mechanically. The pencil is delivered with a built-in eraser under the push-button cap and delivered with pencil refill. It is delivered in a rOtring gift box. This pencil is made of Metal, ABS Plastic. No matter what budget you are planning, you are sure to find the right pencil with us. Send us your logo and you will receive a digital print proof before production starts. We only start production once you have confirmed it. So you are on the safe side.
