## Features

Brand: Unbranded  
Minimum quantity: 3 Unit(s)  
Material: aluminium  
Length: 15.30 cm.  
Width: 7.50 cm.  
Height: 1.00 cm.

Weight: 210.00 g.  
Dishwasher proof No

It's always convenient to have a power bank ready in this digital age. You never know when you might need to recharge your mobile phone. By printing the Stellar 8000 mAh solar power bank with your logo and message, you're sure to generate extra publicity for your company! The most important thing about power banks is the strength of the battery. This one has 8000 mAh. This powerbank has a single 1.5W Crystal solar panel. It also includes an LED flashlight that can be turned on/off by double-pressing the power button. The powerbank allows you to charge two devices simultaneously with an input of 5V/1.5A and a maximum output of 5V/2.1A (output 1: 5V/2.1A and output 2: 5V/1A). The 4 LED displays show the remaining battery capacity of the powerbank. The powerbank can be charged by the sun or via the included USB to micro-USB charging cable. It comes in a white Avenue gift box. This power bank is made of aluminium. Because it weighs 210 grams, you can count on a strong power bank! Thanks to the laser engraving technique, you can give this power bank a stylish print. The print is extremely durable thanks to the high wear-resistance of engraving. And if you think that printing a power bank is expensive, IGO Promo proves otherwise. We can print power banks cheaply and with outstanding quality.
