Want to make an impression with imprint? Then a card holder is definitely the right thing for you. The Adventurer RFID protective holder is convenient for traveling, the cards can be stowed away easily. The material of this credit card holder is Aluminium. This card case is RFID protected. This means that the cover protects the cards, which are mostly activated for contactless payment, from unauthorized access. The holder is suitable for up to 12 cards. Laser engraving is particularly suitable on this card case. Engraved card cases usually appear particularly noble and valuable to the recipient. You can get our promotional items at low prices anyway, but always remember: the more credit card cases you order, the cheaper the unit price will be.
