Features

Minimum quantity: 10 Unit(s)

Material: borosilicate glass

Capacity: 1040 ml

Length: 15.00 cm.

Width: 20.00 cm.

Height: 6.50 cm.

Weight: 645.00 g.

Lunch box made from high-quality borosilicate glass that can withstand high temperature differences. It has a tight-fitting PP plastic lid. This allows the contents to be kept airtight. Also suitable as a fresh box. Includes elastic closure. A sustainable and environmentally friendly product. Only the glass is dishwasher safe and suitable for use in the oven. The complete product is freezer and microwave safe.
