It's always convenient to have a power bank ready in this digital age. You never know when you might need to recharge your mobile phone. By printing the Powerbank Venture 8.000 mAh with your logo and message, you're sure to generate extra publicity for your company! This powerbank has a capacity of 8000 mAh. A power bank with such a high mAh charge is currently still not needed for one charge of an average mobile phone. However, the charged power bank can sometimes even supply two mobile devices with power. Some notebooks also get enough power this way. The powerful solar panel and flashlight on the backside are a perfect combination for all your outdoor adventures! The material used, R-ABS, makes the power bank particularly robust. Moreover, it has a weight of only 181 grams! So it is easy to take with you! Haven't decided yet? No problem, you can always call us, send us an e-mail or contact us via chat.
