

A good workout, staying in shape and breaking away from the daily grind. These are excellent opportunities to draw attention to your brand with a printed drinking bottle. For example, choose the Senga GRS RPET Bottle 500 ml drinking bottle to shine light on your customers or employees. Drinking bottles are ideal for frequent use. GRS certified. Total recycled material: 80%. Are you looking for a leak-proof bottle? Then you have found it here! A big advantage of this bottle is that it can be laser engraved. So you not only have a high-quality article, but also your logo as an exclusive look. What's more, the 570 ml volume gives you a nice big bottle that isn't empty after a few big sips. You can request a sample model online. That way you can be 100% sure that you have made the right choice. This item can only be printed with GRS certified printing techniques to ensure certification of the entire product. For unprocessed orders, please confirm that you will not print this product.
