Weight: 186.00 g.

Power banks with your logo are the ideal business gift for employees who are constantly on the road. That way, your company will always be visible, even when your staff is out of the office. Have the Bamboo 8000 Wireless Powerbank wireless charger printed with your logo and message for a professional look. We are sure your customers and employees will love using it. This powerbank has a capacity of 8000 mAh. A power bank with such a high mAh charge is currently still not needed for one charge of an average mobile phone. However, the charged power bank can sometimes even supply two mobile devices with power. Some notebooks also get enough power this way. This powerbank has an integrated 5W charging function for wireless charging of mobile devices that support Qi wireless charging. The input is 5V/2A (Type-C and Micro-USB) and an output is 5V/2A. The wireless output is 5V/1A (5W). The delivery includes a 50 cm long micro USB charging cable (2 A), indicator lights, on/off button and user manual per piece in a box. Because this power bank is made of bamboo it is hardly susceptible to impacts and can be carried in any pocket. Weighing only 186 grams, you will hardly feel that you're carrying it around. Furthermore, you can choose to have your logo printed on the power bank by laser engraving, it is high quality and is long-lasting. With our many years of experience, our staff know better than anyone which power bank is the perfect match. So let us advise you on the best way to print power banks. Please keep in mind that the colour may vary with laser engraving on natural products like bamboo
