

Colour

This item is printed on the on the torch.

Features
Minimum quantity: 25 Unit(s)
Material: stainless steel
Length: 17.00 cm.
Diameter: 2.10
Weight: 100.00 g.

Flashlights with a logo are very popular as promotional gifts and are often used. You can't go wrong with the GripLight torch. This torch consists of light-emitting diodes, commonly called simply LEDs, which have a high level of brightness. Equipped with a telescopic function, extendable to 56.5 cm, flexible, magnetic top and clip. This flashlight draws its power from Cell. Of these, she needs exactly 3. The required number of batteries are included. A logo can be heavily used on items such as flashlights that tend to end up in handbags, jacket pockets or trouser pockets. Therefore, we recommend an indestructible laser engraving. Regardless of your budget, you are sure to find the right torches with us. Send us your logo and you will receive a digital proof before production starts. We only start production once you have confirmed this.
