Length: 11.50 cm.

Width: 9.50 cm.

Height: 5.00 cm.

Weight: 75.00 g.

10W universal car phone holder and charger. Made from recycled ABS plastic. This phone holder is easy to fit, adjusts to the size of your phone and can be operated with one hand. Ideal for satellite navigation and for charging your phone whilst on the move. The phone can be placed in a vertical or horizontal position thanks to the 360 ° rotating clip. The 10W wireless charger is compatible with devices that support Qi wireless charging (latest generations Android and iPhone). Input: 5V/2A. Wireless output: 5/2A 10W. Includes a micro-USB cable (TPE) and instruction manual. This product and its accessories are PVC free.
